## Government Of Jamaica Inter-american Development Bank National Water Commission

### **Request For Expressions Of Interest Consultancy Services For The Installation of Electro-magnetic flow-meters**

Kingston Water & Sanitation  
Project (1559/ja-oc)

#### **GENERAL INFORMATION**

Country: Jamaica  
Project: Kingston Water & Sanitation (1559/OC-JA)  
Funding Agency: Inter American Development/Government of Jamaica  
Purchaser: National Water Commission

The National Water Commission has received financing from the Inter-American Development Bank for the Kingston Water & Sanitation Project, and intends to apply part of the proceeds of this loan towards the installation of recently purchased electromagnetic flow-meters at selected water production facilities within the Kingston & St. Andrew area. Consulting Services is required to provide the following:

- Preparation of contract documentation including bills of quantities, technical specifications, detailed cost estimates, tendering, evaluation of bids, recommendation for the award of contract and supervision of the installation of the electromagnetic flow-meters at the selected water production facilities.
- Detailed engineering drawings and specifications as it relates to the installation of electromagnetic flow-meters at the selected sites numbering approximately 25.
- Construction administration and supervision services necessary to ensure that the work is being carried out in accordance with the terms and Conditions of the Contract and in the best interest of the executing agency.

The National Water Commission (NWC), the executing agency for the programme, now invites expressions of interest from prospective bidders who are nationals of member countries of the Inter-American Development Bank for the supply of the Consulting Services and Supervision. The objective is to implement the installation of electromagnetic flow-meters at selected water supply production facilities within the KSA Area. The estimated duration of the consulting services is eight (8) weeks, with a further proposed twenty (20) weeks for supervision of the installation of the electro-magnetic flow-meters.

#### ***Interested Consultants must provide the following information to establish their competence in the performance of the services required:***

- General background of the Consultant/firm.
- A detailed description of similar assignments undertaken.
- Experience under contract in the role of Consultant for at least the last five (5) years, and specifically, participation as Consultant in a role that is similar to the proposed Consulting Services within the last three (3) years.
- Availability of appropriate skills among staff supported by curriculum vitae.
- Specific experience of providing design specifications and detailed drawings for the installation of similar type equipment within the water sector would be an asset.

A shortlist will be developed using selection criteria based on these priority areas. Only the short-listed Consultants will be invited to submit proposals.

***Interested eligible applicants may obtain further information from the Project Manager at the National Water Commission, 4 Marescaux Road, Kingston 5, Jamaica. Email address: joslyn.oconnor@nwc.com.jm. Tel: (876) 511-5490***

Expressions of Interest should be clearly marked "Kingston Water & Sanitation Project – Electromagnetic Flow-meters" and must be deposited in the Tender Box located at the National Water Commission, 18 Oxford Road, Kingston 5, Jamaica on or before 2:00 pm on **June 1, 2009** and will be opened at 2:30 pm on the same day.

The National Water Commission will not be responsible for any costs or expenses incurred by applicants in connection with the preparation or delivery of the expressions of interest.
