

NATIONAL WATER COMMISSION (JAMAICA) (An Agency of the Ministry of Water & Housing)

Water Tips for Hurricane Preparations

- Stock up on as much water as possible.
- Conserve the water you have stored - use clean, stored water mainly for drinking; use paper plates etc. to avoid washing; use untreated or rain water for washing, flushing toilets, etc.
- Report broken water or sewer mains or acts of vandalism to the local NWC offices or at 1 888 CALL NWC (1 888 225 5692)
- When collecting water from water trucks, your container should have a wide open mouth and be large enough
- Do not damage pipes, water facilities or water trucks in an attempt to get water
- Be Patient - We are trying to restore service to you

INVITATION TO CIVIL ENGINEERING CONSULTANTS FOR EXPRESSION OF INTEREST

To provide Engineering Consultancy Services for the Development/ Implementation of a sustainable Potable Water Supply Scheme for the communities of Cascade/Claremont/Jericho (inclusive of adjoining areas such as Retirement, Retreat, German Hill and Retrieve) among others, in Hanover.

The National Water Commission (NWC) having, for sometime now, successfully implemented the Great River to Lucea Water Supply Project, (incorporating provisions for the upgrading/extension to our existing and prospective valued customers located inland of the coastal main road) is now desirous of procuring the services of a duly Registered/ Experienced Engineering entity to provide pre and post contract services relating to the implementation of a potable water supply distribution system as described.

Engineering Consulting entities are hereby invited to express an interest by writing to:-

**The Chief Engineer (Senior Vice President)
Office of the Chief Engineer
National Water Commission
4 Marescaux Road
Kingston 5
Tel: (876) 511-5446/7 Fax: (876) 968-0164 or
Email: Chief.Engineer@nwc.com.jm**

Only experienced individuals or entities registered with the Professional Engineering Registration Board (PERB) in the particular engineering discipline of designing water supply systems will be considered.

All Expressions of Interest must be clearly marked on the outside

**"EXPRESSION OF INTEREST,
CASCADE/CLAREMONT
/JERICO WATER SUPPLY"**

*and shall be submitted preferably on or
before September 30, 2008.*

Water is life

servicing you in so many ways
