

INVITATION TO TENDER

Santa Cruz Well No. 2 - Site Development St. Elizabeth

Water Tips

IN THE KITCHEN

- A dripping faucet can waste up to 7,600 litres (2,000 gallons) of water per year.
- Wipe away gravy, grease and food scraps from plates and bowls before washing.
- If you wash dishes by hand, don't leave the water running for rinsing. If you have two sinks, fill one with soapy water and one with rinse water. If you have only one sink, gather washed dishes in a dish rack and rinse them with a panful of water. Similarly, don't let the faucet run while you clean vegetables. Just rinse them in a sink or a pan of clean water.

OUTDOORS

- Instead of washing driveways, sidewalks, gutters and steps, use a hard broom to sweep these areas.
- Don't use fresh water for your plants and garden. Save the rinse water from your kitchen or laundry, and do your watering in the early morning - this prevents fungus growth, which occurs when you water at dusk.
- Don't let your children play with taps, hoses and sprinklers. Their innocent frolic on a hot day could waste hundreds of gallons of precious water.
- Wash your car with a bucket of water and a rag, not a running hose.

The National Water Commission through its Engineering Department invites contractors who are currently registered on the National Contracts Commission Register of Public Sector Contractors in the category of Building Construction or Civil Engineering to tender for works to be implemented in Santa Cruz, St. Elizabeth.

The works will include the provision of all labour, equipment, materials and supervisory management to carry out works - inclusive of all related site preparation - for the construction of a reinforced concrete building of 150mm concrete block walls and reinforced concrete floor and roof slabs, along with its accompanied civil and minor works.

Prospective tenderers may obtain tender documents as of **Wednesday, August 2, 2006, between 9:30 a.m. and 4:00 p.m.** each weekday at the Capital Projects Unit, 4 Marescaux Road, Kingston 5, (Tel: 511-5456/7). Documents will be available at a non-refundable cost of J\$2,000.00 each. Payments will be accepted in cash or manager's cheque.

Tenderers must submit a copy of their current Tax Compliance Certificate (TCC) and Certificate of Registration from the National Contracts Commission (NCC) along with all bids. The original of both Certificates must be presented at the opening of bids or within two (2) working days of the opening of bids.

Tenders are to be returned no later than **2:00 pm on Wednesday, August 30, 2006** . to:

**The Tender Box
National Water Commission
18 Oxford Road
Kingston 5**

Tenders must be placed in a plain envelope (as outlined in the Instruction to Tenderers), which is sealed and appropriately marked on the outside of the envelope:

Tender for Santa Cruz Well No. 2- Site Development and the Construction of Reinforced Concrete Building

All tenders submitted will then be opened on **Wednesday, August 30, 2006 at 18 Oxford Road, Kingston 5 commencing at 2:30 p.m.** in the presence of tenderers/representatives who choose to attend.

The National Water Commission is not obliged to accept the lowest or any tender.

Water is life
