### **NWC System in Clarendon Temporarily out of Service**

A number of NWC customers in sections of Clarendon are currently without their regular water supply due to electrical problems being experienced at the Curatoe Hill/Inglewood Well in the parish.

Areas affected by this downtime include;

**Curatoe Hill, Canaan Heights, Hazard, Trenton Rd, Inglewood, Sunny Acres, Paisley Ave, Chatteau, Coates Pen, Hunts pen, Savannah Cross, Burnt Ground.**

Repairs are already being carried out to the system, however it is not anticipated that they will be complete before Saturday of this week. In the interim, trucked water will be supplied to the affected areas.

The National Water Commission apologizes for any inconvenience caused and continues to crave the understanding of its valued customers.
