**Mechanical Problem Causes Water Supply Disruption
....Sections of St. Andrew Affected**

National Water Commission customers who are served by the Chancery Hall # 2 Relift Station in St. Andrew are currently experiencing a disruption in their water supply as the pump at the facility has been taken out of operation for repairs.

Affected areas include;

Lord Nelson Drive

Horatio Close

Sections of East Kirkland

Quarter Deck

Lord Nelson Way and Horatio Drive.

The National Water Commission sincerely regrets any inconvenience caused and is working to restore normalcy at the soonest possible time.
