**Mechanical Problems Disrupt Water Supply to sections of St. Andrew**

National Water Commission customers who are served by the **Chancery Hall # 2 Pump in St. Andrew** and are currently experiencing low water pressure or no water conditions are being advised that this is due to mechanical problems affecting the pump.

Affected areas include, **Chancery Hall Heights** and sections of **Kirkland Heights**.

The National Water Commission apologizes to its valued customers for any inconvenience caused and is making every effort to complete the necessary repairs and restore service by Thursday, January 21, 2010.
