**LOW VOLTAGE AFFECT NEEDHAM PEN/WARD RIVER SYSTEM
...ST. THOMAS COMMUNITIES AFFECTED**

National Water Commission customers in **St. Thomas** who are served by the **Needham Pen/Ward River Relift Station** are currently experiencing a disruption their water supply. This is due to low voltage affecting operations at the facility.

Areas impacted include,
Ward River
Needham Pen and environs
Phillips Avenue
Top Hill Road
Pipe Road

The matter has been reported to the Jamaica Public Service Company (JPSCo) for resolution and every effort is being made to restore regular water supply at the earliest possible time.

The National Water Commission apologizes for any inconvenience caused by this disruption in service.
