**MECHANICAL PROBLEMS CAUSE EXTENDED WATER SUPPLY  
...DISRUPTION FOR SECTIONS OF CLARENDON**

The National Water Commission is advising that the **Mocho/Goshen Well Water Supply System in Clarendon** is currently out of operation.

The Well which serves the communities of **Goshen, Brixton Hill, White Chapel, Mt. Valley, Mocho Road, Eden and Ashley** is out of operation due to a dislocated pump some 50feet below ground level.

The Technical Services Department of the NWC has been working to remove the pump, but is reporting that it may require external assistance since in to addition the pump, over 660 feet of cables as well as the motor remains in the well.

The areas served by this facility will therefore be served by trucked water supply until operations resume.

The National Water Commission apologizes for any inconvenience caused to its valued customers.
