**HEAVY RAINFALL DELAYS RESTORATION
OF WATER TO SECTIONS OF ST. ANN**

The National Water Commission (NWC) is advising that the recent heavy rainfall have resulted in an electrical problem at the New Ground facility in St. Ann.

This has delayed the NWC's efforts to complete necessary repairs at the latter facility and restore water to New Ground, Lime Hall and surrounding communities.

The Commission craves the continued understanding of those affected, and will expedite the repairs so that normality can be restored, at the earliest.

The NWC will continue the trucking of water and apologizes for the inconvenience caused by this break in service.

Customers may call the NWC toll free at 1 888 CALL NWC (1- 888-225-5692) for further updates and assistance.
