PROJECT WORKS TO DISRUPT WATER SUPPLY IN ST. ANDREW AREAS

The National Water Commission is reporting that customers in some sections of St. Andrew will experience disruptions in their water supply for the period **Monday, April 11 through to Friday, April 15, 2011**. This disruption is to facilitate works that will be carried out on some of the company's facilities as follows:

Havendale Well on Monday, April 11, which will impact water supply to **Havendale, Meadowbrook, Chancery Hall Heights and Smokey Vale**.

White Marl system on Tuesday, April 12, which will affect water supply to **Downtown, Kingston, Spanish Town Road and all roads leading off, Duhaney Park, Washington Gardens, Washington Boulevard and all roads leading off and Molyne's Road and all roads leading off**.

Hope High Level on Thursday, April 13 and Friday April 15 which will affect **Gordon Town, Papine, Kintyre, Hope Flats and surrounding areas**.

Customers who are served by these facilities will experience low water pressure or no water conditions between the hours of 10:00am and 4:00pm on the days that the works will be carried out on the systems.

Similarly, customers in the Stony Hill area will experience water supply and traffic disruptions as the network improvement works continue under the Jamaica Water Supply Improvement Project (JWSIP). Areas that will be affected include:

Fort Georges Heights on Tuesday, April 12, Brooks Level and Richen Close on Wednesday, April 13, Montgomery Road on Thursday, April 14 and Richen Close and Brooks Level Road on Friday, April 15, 2011.

Where lane restrictions are necessary, these will occur from 8:00am to 6:00pm for the stated period. Water supply interruptions should be expected between the hours of 9:00am and 5:00pm daily, except Montgomery Road where the disruption will last for two days, from **Thursday, April 14 to Friday, April 15, 2011.**

Excavation works will also be carried out on Stilwell Road from Monday, April 11 through to Saturday, April 30, 2011.

The National Water Commission sincerely regrets any inconvenience that may be caused by these necessary works and urges customers to store water for the periods of disruption. Where there are lane restrictions, commuters are also encouraged to observe the signage and instructions of flag personnel who are in place.
