**Mechanical Problems Disrupt Water Supply...Sections of St. Andrew Affected**

The National Water Commission is advising customers in **August Town, Hope Flats, Papine, Gordon Town, Mona Heights, Hope Road, Beverly Hills and Hope Pastures in St. Andrew** that the low water pressure or no water conditions that they are currently experiencing is due to mechanical problems at the Hope Filter Plant.

In an effort to address these problems customers are being advised that the system will be taken out of operation **tomorrow, July 5, 2011** to carry out the necessary repair works.

The National Water Commission sincerely regrets any inconvenience caused to its valued customers in this regard and will make every effort to restore normal water supply at the earliest possible time.
