**POWER SUPPLY PROBLEM AFFECTS WATER
SUPPLY TO SECTIONS OF ST. ELIZABETH**

The National Water Commission (NWC) wishes to advise that operations at the Dalintober Well in St. Elizabeth are being affected by a burnt JPS transformer.

As a result, customers in Black River, Sellington, Brompton, Fyffes Pen, Speculation, Crawford, Dalintober, Hill Top, Gallion Beach and Hodges are without water.

The NWC apologizes for the inconvenience caused by this break in service and will restore supply to the affected areas following the restoration of the power supply.

Further updates and assistance may be received by calling the NWC toll-free at 1 888 CALL NWC (1-888-225-5692).
