**DEFECTIVE PUMP AFFECTS WATER SUPPLY
ST. ANDREW**

The National Water Commission wishes to advise customers in Norbrook and sections of Cherry Gardens that they are currently without their regular water supply or experiencing low water pressure as a result of a defective pump.

The National Water Commission apologises for any inconvenience caused and assures its customers that every effort is being made to restore regular supply in the shortest possible time.

Further updates and assistance may be received by calling the NWC toll free at 1 888 CALL NWC (1-888-225-5692).
