### **Turbidity Causes Temporary Closure of Sunnyside Water Supply System**

The National Water Commission is reporting that the **Sunnyside** water supply system in **St. Catherine** is currently out of operation due to turbidity resulting from continual heavy rainfall in the parish.

Customers who are served by the facility will therefore experience no water conditions until the turbid conditions have abated. In the interim, trucked water will be provided to the affected areas including:

**Sunnyside**  
**New Works**  
**Sections of Rose Mount District**  
**Rose Hall**  
**Sections of Commodore**  
**Wallens Housing Scheme**  
**Sections Time and Patience**

The National Water Commission sincerely regrets any inconvenience caused to its valued customers and will restore water supply at the earliest possible time.
