21" BROKEN MAIN DISRUPTS WATER SUPPLY

The National Water Commission is reporting that there is a broken 21" main along Spanish Town Road which is affecting water supply in some sections of the corporate area. The affected section of the system has been closed down to carry out the necessary repairs.

Areas impacted by this interruption in service include:

Spanish Town Road and all roads leading off
Marcus Garvey Drive and all roads leading off
Cooreville Gardens
Sections of Patrick City
Duhaney Park
Washington Boulevard and all roads leading off

The National Water Commission apologizes for any inconvenience caused and will endeavour to restore water supply by tomorrow, November 22, 2011.
