**HEAVY RAINFALL AFFECTS
WATER SUPPLY TO SECTIONS OF PORTLAND**

NWC customers served by the **Windsor Castle Filter Plant in Portland** are presently without their regular water supply as a result of mud flows at the facility from heavy rainfall in the area.

Areas affected include:

Windsor Castle
Salmon Town
Aldon
Hart Hill
New Land

The Company is advising that regular water supply will be restored as soon as the situation has improved. In the interim water will be trucked to the areas.

The NWC regrets any inconvenience caused.
