MECHANICAL PROBLEMS DISRUPT WATER SUPPLY TO SECTIONS OF ST. ELIZABETH

The National Water Commission (NWC) is advising customers in Bull Savannah, Junction, Comma Pen, Nembhard Town and environs that the water disruption they are experiencing is as a result of mechanical problems at the New Forest facility in St. Elizabeth.

The NWC will continue to truck water to the affected areas and assures its valued customers that every effort is being made to restore water at the earliest possible time.

The NWC apologizes for any inconvenience caused by this break in service and will provide an update on Thursday, January 12, 2011.
