**WATER DISRUPTION AFFECTS SECTIONS OF CLARENDON AND MANCHESTER**

The National Water Commission is advising customers in Spaulding, Limit, George North, Glenco, Glenco Housing Scheme, Richmond, Santa Hill, Bamboo, Cobbla and Baileston that the water disruption they are experiencing is as a result of ongoing work in Spaulding to improve the water supply.

Every effort is made to restore the water supply on Monday, January 16, 2012, following pipeline interconnection and pressure reducing valve installation work on Sunday, December 15, 2012.

The NWC craves the patience of its valued customers and will, as an interim measure, continue to truck water to the affected areas.

The NWC apologizes for any inconvenience caused by this disruption and will provide an update on Friday, January 13, 2012.
