**FOR IMMEDIATE RELEASE**

**BROKEN 10 INCH PIPE DISRUPTS WATER SUPPLY TO SECTIONS OF PITFOUR, ST. JAMES**

The National Water Commission (NWC) is advising that some customers in Pitfour, St. James, are experiencing a disruption in their water supply, as a result of a broken 10 inch main in the community.

The NWC craves the patience of its valued customers and assures them that every effort is being made to restore water in the shortest possible time.

The NWC apologizes for any inconvenience this disruption may cause and will provide an update on the situation later today.
