

For Immediate Release

August 17, 2006

WATER RESTRICTIONS EXTENDED TO MORE AREAS IN KSA

As low rainfall in the **Hermitage watershed area** continues to affect the water supply to several communities across the corporate area, the National Water Commission has been forced to implement water restrictions to areas in and around Stony Hill and other areas served by the Seaview Water Treatment Plant as well.

Customers served by this system will now begin to experience restrictions similar to the experience of customers served by the Hermitage/Constant Spring Water Supply System. Beginning **Friday, August 18, 2006**, customers will, depending on their elevation and location on the system, either have no piped water or have low water pressure as follows:

12:00 noon - 5 p.m. and 9 p.m. - 4 a.m. daily in the Stony Hill area

9:00 a.m. – 4:00 p.m. and 8:00 p.m. – 5:00 a.m. in areas served by the Tavistock Tank in Jack's Hill

The AREAS TO BE AFFECTED served by the Tavistock Tank include:

- Farringdon Heights
- Farringdon Way
- Millsborough Avenue
- Millsborough Crescent
- Riva Ridge
- Ridgeway
- Linneman Avenue
- Dooley Boulevard

Further information may be obtained through the NWC's Customer Care Centre at (1-888-225-5692). The National Water Commission apologizes for any inconvenience caused to its valued customers, as every attempt is made to provide the most reliable service.

Customers served by the **Constant Spring Treatment Plant** will continue to experience restrictions between 10 a.m. - 5 p.m. and 8 p.m. - 4 a.m. daily as was previously implemented.

Areas served by the Constant Spring System include:

Manor Park
Shortwood Road and
all roads leading off
Allerdyce
