NWC TO CARRY OUT PUMP TESTING AT PERTH BOOSTER STATION, MANCHESTER

The National Water Commission (NWC) is advising that, its Project Team will be carrying out pump testing activities at the **Perth Booster station** in **Manchester** on **Wednesday December 8, 2021**, between the hours of **6:00 pm** and **10:00 pm**.

As a result, customers of Greenvale Manchester, will experience low water pressure during this period.

The NWC apologises for any inconvenience this may cause and urges customers to store water for use during the outlined period.
