**PIPELINE INTERCONNECTION WORK TO IMPACT SECTIONS OF
MONTEGO BAY, ST. JAMES**

The National Water Commission (NWC) is advising that in order to conduct critical pipeline interconnection works, it will be temporarily shutting down water supply to sections of Whitehouse, Montego Bay from midnight Friday, September 16 to 7:00 p.m. on Saturday September 17, 2022.

As a result, customers in the area will experience a disruption in their regular water supply

The NWC regrets any inconvenience this necessary work may cause and urges its valued customers to store water for use during the outlined period.

END
