**URGENT MAINTENANCE WORKS SCHEDULED FOR NIAGARA
TREATMENT PLANT IN ST. JAMES**

The National Water Commission (NWC) is advising customers served by the **Niagara Water Treatment Plant** in **St. James**, that due to necessary maintenance works to be done in the area, the system will be out of operation on **Tuesday, April 9, 2024**, between the hours of **8:00 a.m. to 5:00 p.m.** During this period, customers will experience disruptions in their water supply.

Areas to be affected include **Elderslie, Jointwood, Arcadia** and **Johnson**.

Every effort will be made to restore water to the affected areas in the allotted time. Customers are being encouraged to store water for the period of the outage.

The NWC sincerely thanks its customers for their patience and understanding.
