**BLOWN JPSCo TRANSFORMER DISRUPTS WATER SUPPLY
SECTIONS OF ST. CATHERINE AND CORPORATE AREA AFFECTED**

The **National Water Commission** is reporting that a blown **JPSCo** transformer at its **Well H facility** has impacted water supply distribution on the **Eastern Headwork's series of relift stations**. This has resulted in customers in some sections of **St. Catherine and the Corporate Area** either experiencing low water pressure or no water conditions.

Areas affected include **Kent Village, Spanish Town Road, Molynes Road, Washington Boulevard, sections of Downtown Kingston, Hamilton Gardens, Christian Gardens, Christian Pen, Newland Road, Cumberland, Cedar Grove, Edgewater, Waterford, Gregory Park, Braeton, Independence City and Hellshire.**

The Company is advising that Jamaica Public Service Company is currently working to have electricity restored at the facility by late this evening

The NWC sincerely regrets any inconvenience caused to its valued customers.
